¿Qué hacer antes de un sismo?

Recorra a técnicos y especialistas para la construcción o reparación de su vivienda, de este modo tendrá mayor seguridad ante un sismo.

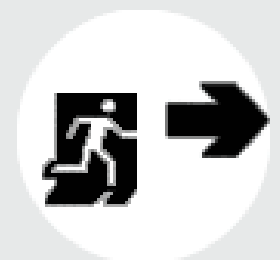

Mantenga siempre en buen estado las instalaciones de gas, agua y electricidad. En lo posible, use conexiones flexibles.

Junto con su familia, prepare un plan para enfrentar los efectos de un sismo. Esto requiere que organice y ejecute simulacros.

Tenga a la mano números telefónicos de emergencia, botiquín, de ser posible un radio portátil y una linterna con pilas

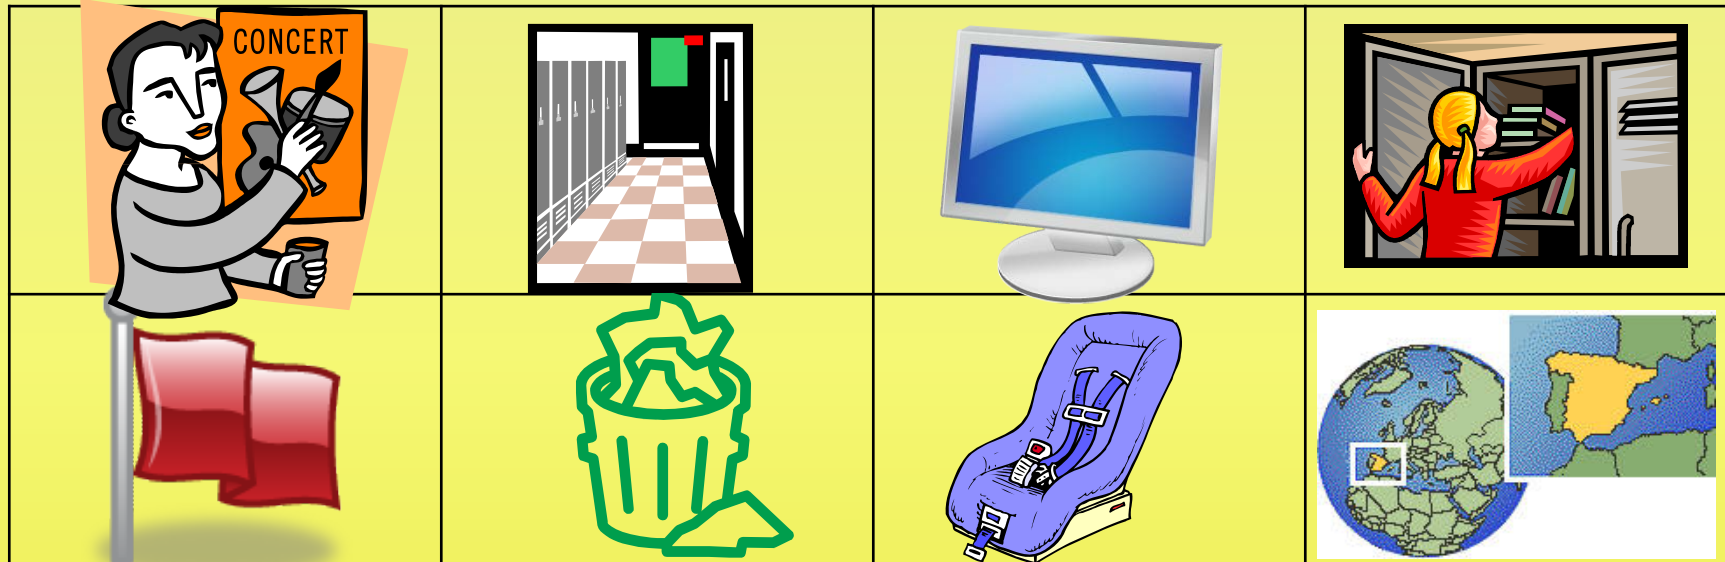

Identifique los lugares más seguros de inmueble, las salidas principales y alternas. Verifique que las salidas y pasillos estén libres de obstáculos.

Welcome to Google Voice. Google Voice gives you a single phone number that rings all of your voicemail online, and transcribes your voicemail to text. Other cool features include the ability to answer calls when they're being left, block unwanted callers, and make cheap international calls. We hope you enjoy using Google Voice.
